SPEC SHEET

6008CW PREMIERE COLLECTION

Outdoor Polypropylene Film for use in ColorWave printing systems and traditional aqueous inkjet printers.

Product Description

6008CW is an 8 mil polypropylene film designed to be used for short term outdoor graphics and works exceptionally well in retractable trade show/ interior displays. It is weather resistant and water resistant when used with pigmented inks, latex inks and Colorado UVgel inks. This product is universally compatible with aqueous ink technologies, ColorWave series, Latex, HP Pagewide, and Colorado series printers.

SPECIFICATIONS

Physical properties*

- Caliper of paper - 8 mil
- Opacity >92%
