Colex SharpCut

Miller Weldmaster  
T-300 Extreme Edge

## SMART CHANGE STARTS HERE.

Learn how Canon Solutions America's Colorado printer, Colex cutters, and Miller Weldmaster welders help you achieve the highest levels of quality and production speeds for all your banner and signage work.

### Canon Colorado Printer

- Fastest 64" roll-to-roll printer on the market, with a print speed up to 1,710 sq/ft an hour with real sellable output quality.
- Uses 30-50% lower ink consumption compared to competitive technologies.
- Prints either a gloss or matte finish on smooth and porous media using FLXfinish technology.

### Colex SharpCut SXC1732

- A complete finishing solution that helps reduce time and labor costs in your production workflow.
- Cuts both flexible and rigid media with knife cutting speeds up to 4,800 IPM.
- On-board router capable of routing basic and dimensional shapes from materials such as acrylic, wood, aluminum, etc.

### Miller Weldmaster T-300 Welder

- Produces hems, pole pockets, hem with rope, and webbing for professional results.
- Welds a 4'x6' banner in less than one minute.
- Utilizes programmable welding recipes to switch between customer jobs with minimal setup time.

*With nationwide service, training, and support, and financing through Canon Financial Services, choose Canon Solutions America as your provider for large format printing solutions.*
